Description

An opportunity to enjoy a relaxing beginners Art & Design class, in a friendly and supportive atmosphere. Have fun learning about artists, increasing your observational skills and your own creativity, in good company!

What will I learn

Over this short course, we will consider the Formal Elements in art and try out 2D drawing, painting & printmaking techniques, inspired by different artists.

No experience necessary. All materials provided.

Is there any entry requirements?

Must be a resident of Liverpool City Region resident.

How will I be assessed?

This is a community learning course, with no formal assessment. However, your Tutor will offer you regular feedback and guidance to help you progress.

How long is the course for?

5-week course

How much does the course cost?

Free. All materials provided.

What can I do after the course?

The course is intended to build your creative skills, confidence and self-esteem in the visual arts. You could consider further Art courses, including our own introduction to 3D/sculpture (next). An arts education can lead to college and university placements. Also work in the creative industries.

Do I need to bring anything with me?

All materials needed are provided. Students are invited to bring an interesting, handheld object to the first session.

Is there anything else I need to know?

Being creative with the visual arts has been known to improve a sense of happiness and wellbeing. This is one of those courses!
